Made in the U.S.A.

Available Now! NEW OIL SAFE STORAGE CABINET™

Fluid Defense Systems is pleased to offer another new solution to help you elevate your lubrication program to best practice standards.

The OIL SAFE Storage Cabinet™ will enable you to immediately store, organize and protect all your color coded OIL SAFE, LABEL SAFE™ and GREASE SAFE® lubrication reliability tools in a sturdy, workshop ready storage solution.

- **Unique Tilt-Bins** inside cabinet doors swing forward to allow free access to contents, then tilt back for storage. Tilt-Bins also come with removable dividers to provide flexible storage options for both small and large parts.
- **Removable plastic parts bins** easily clip on and off internal racks and increase storage capacity and speed of parts selection.
- **Half shelves are adjustable** on 3" centers for storage flexibility.
- **Solid casters** beneath swing-out doors provide smooth door opening and support under heavy loads. Casters and legs provide clearance for forklift access.
- High quality, stainless steel flush mounted T-Handle Door. **Latch with key lock for added security.**
- **Practical cabinet size** of 39" (W) x 27" (D) x 76" (H). Shipping weight approx. 520 lbs.

- **All welded, high quality 14-gauge steel construction**, suitable for storage of your top up lubricants and lubrication equipment in the Shop. No code rating required for this lubricant storage capacity and application. Not suitable for storage of fuels and solvents.
- **CABINETS SHIPPED FULLY ASSEMBLED AND READY TO USE !**
- Other cabinet sizes and configurations available. Price on application. **Part Number: 930000**

INSTANTLY, get your lubricant and equipment storage area looking organized and professional with this high quality OIL SAFE brand product.
